Durlon

Neograft

Frenzelit / Novatec

GRT Rubber

Gaskets & Gasket Materials

Boiler
Die-Cut
Extruded & Molded
Joint Sealant
Kammprofile
Metallic
Non-metallic
Spiralwound
Teflon Envelope

Engineered Sealing System

Hydra-Just

Pump Diaphragms

Gore One-Up

Compression Packings

Braided & Extruded
Die-Formed & Grafoil

Rotary Seals

Bearing Isolators
Oil Seals & Klozures

Hydraulic & Pneumatic Packings

Cup, "U," Wiper
Chevron Vee
Leather Packings
Shallex, Lo-Film
Heavy Duty Expanding

High-Temperature Products

Cloth, Rope, Tape
Tadpole, Fabricated

Expansion Joints

Pressure Piping
Flue Duct, HVAC
Pump Connector

Mechanical Seals

Fabrication Materials:

Compressed Non-Asbestos, PTFE, Expanded & Filled PTFE, Flexible Graphite, Rubber, Sponge/Foam, Felt, Inorganic Fiber, Tacky Cloth, and more

Beacon Gasket & Seals

With five generations of combined experience in the gasket and sealing industry, our team brings deep-rooted knowledge and a strong focus on precision and reliability. We partner closely with our customers to help qualify the right part for the job, and engineer new solutions when needed. Your success is our priority, and we're here to support you with expertise, consistency, and care.
